

PUBLIC NOTICE

Saturn Corporation has applied to the Tennessee Air Pollution Control Division (TAPCD) for an administrative [amendment to the major source operating permit](#) (Division identification number: 60-0132/548092) subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). A major source (Title V) operating permit is required by both the Federal Clean Air Act and the Tennessee Air Pollution Control Regulations.

The applicant is Saturn Corporation with a site address of Highway 31 South, Spring Hill, TN 37137. They seek to obtain an administrative modification to their major source operating permit for operation of their automotive assembly plant. Said modification consists of the installation of a single new phosphate and electrocoat (e-coat) paint line at the facility, replacing two existing lines. There will be no increase in emissions. The proposed changes were submitted in accordance with Condition E7-4 of the PAL permit.

A copy of the application materials used by the TAPCD and a copy of the draft permit are available for public inspection during normal business hours at the following locations:

Spring Hill Library
